C O N T E M P O R A Y

Pánta rheî, “everything flows”, everything is constantly moving. The becoming, meant as change, as the endless flux of reality, the eternal renewal, is one of the most important concepts of Greek philosophy. A change that affects not only space but time as well. Even that which appears static to our sensory perception is actually dynamic and constantly transforming. It’s these ideas that have inspired Mov, an animated, “live” fitting. Conceived to establish a sort of “game” between the object and the user, Mov can take on different configurations thanks to its joints, which allow to adjust the length of its arms and move the light source according to one’s needs.

Finitura
Nickel nero. Oro lucido 24K.
Altre finiture su richiesta.

Colori
OTTANIO / FUMÉ: Alternati elementi in vetro colore ottanio e elementi in vetro color fumé.
VINTAGE: Elementi in vetro trasparente con lavorazione effetto vintage.
Altri colori su richiesta.

Particolari
Mov è un'idea firmata Euroluce Light of Italy & "Studio In Project" ed è realizzato sapientemente in Italia, da esperti artigiani.
È costituito da elementi in vetro dalla forma romboidale made in Toscana, collegati fra loro da snodi in ottone che ne consentono il movimento.
Il sistema di aggancio elementi, il braccetto in ottone, la scatola in metallo e ogni singola parte di Mov sono state studiate, sperimentate e
realizzate ad hoc per questo progetto. La decorazione degli elementi in vetro è made in Veneto. Prevista decorazione ottanio / fumé tradizionale
o altri colori su richiesta. La novità è l'effetto vintage, sempre made in Veneto che consiste in una decorazione materica, in un mix fra colore
e polveri, percepibili al tatto e visivamente. Il depositarsi delle polveri crea prodotti unici, diversi fra loro.
È possibile richiedere effetto vintage colorato.

Per qualsiasi richiesta o differente versione non esitate a contattarci.
Per finiture vetri, finiture metalli e colore cristalli vedere pag. 171 e 172.

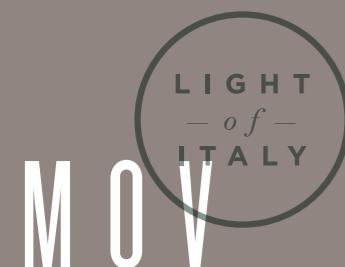

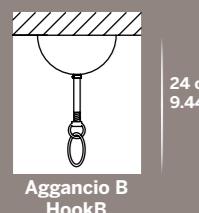

Finish
Black nickel. Shiny gold. 24K.
Other finishes on request

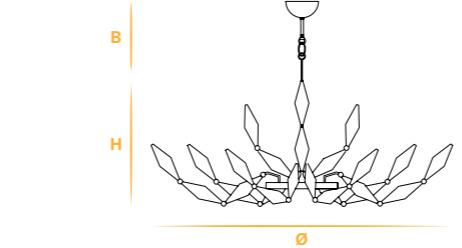

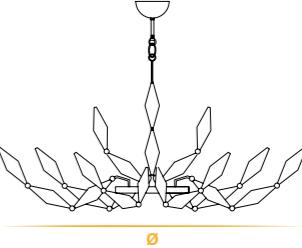

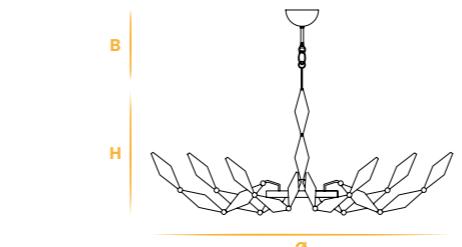

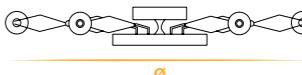

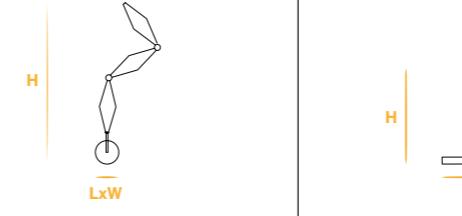

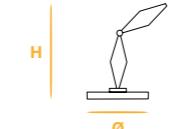

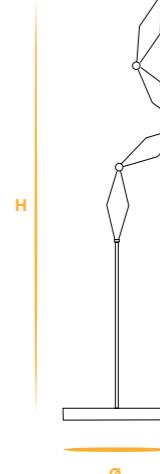

Color
OTTANIO / FUMÉ: Alternating glass elements in ottanio color and glass elements in fumé color.
VINTAGE: Glass elements in transparent color with vintage effect.
Other colors on request.

Details
Mov is designed by Euroluce Light of Italy & "Studio In Project" and it is made expertly in Italy, by skilled craftsmen.
It is made of rhomboidal glass elements made in Tuscany, linked together by brass joints that allow movement.
The elements fastening system, brass arm, metal box, and every single part of Mov have been studied, experimented and realized especially for
this project. The decoration of the glass elements is made in Veneto. Available decoration in ottanio / fumé or other colors on request.
The novelty is the vintage effect, always made in Veneto that consists of a material decoration, in a mix of color and powder, perceptible to the
touch and visually. Powder deposition creates unique, different products. It is possible to request a colored vintage effect.

For any request or different version please contact us.
For glass finishes, metal finishes and crystals color see pag. 11 and 172.

Aggancio con catena (B) - Hook with chain (B)
L'altezza dei lampadari è calcolata escludendo l'aggancio. Aggancio con rosone e catena H minima 24 cm - 9.44".
The height of the chandeliers is calculated by excluding the hook. Hook with the ceiling cup and chain has the minimum height 24 cm - 9.44".
