AXIS SYSTEM

AXIS SYSTEM nasce come sospensione rettangolare a moduli, adattabile a tutte le collezioni presenti nel catalogo. Le ipotesi illustrative che abbiamo inserito sono solo alcune delle svariate combinazioni possibili.

AXIS SYSTEM è un sistema a cui possono essere adattate tutte le nostre collezioni.

AXIS SYSTEM, infatti, può avere differenti moduli (8L, 10L, 12L, 14L) che possono essere combinati fra loro ed assumere diverse forme. L'attacco elettrico a soffitto da un unico punto consente, inoltre, l'elettificazione di tutto il sistema senza la necessità di spostare l'effettivo punto luce o crearne di nuovi.

Scegliete la collezione Euroluce Lampadari che preferite, indicateci l'ambiente da illuminare e noi provvederemo a progettare con voi la sospensione AXIS più idonea alle vostre esigenze.

Non esitare a contattarci per ulteriori info.

AXIS SYSTEM is created as rectangular suspension with modules, adaptable to all the collections in the catalog. The examples we have included are just few of the many possible combinations.

AXIS SYSTEM is a system that can be adapted to all our collections.

AXIS SYSTEM, in fact, can have different modules (8L, 10L, 12L, 14L) that can be combined together and take different forms. The electrical connection to the ceiling, from a single point also allows the electrification of the whole system, without the need to move the actual light point or create new ones.

Choose a collection Euroluce Lampadari that you prefer, indicating the ambience to be illuminated and we'll plan with you the suspension AXIS most suitable to your needs.

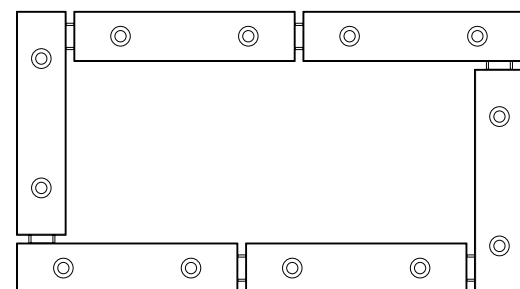

Do not hesitate to contact us for more info.
